### Aim

Lifeguarding Services Australia aims to create and engender a culture that values responsible attitudes to manage and to minimise our environmental impact.

### Scope and Application

This policy applies to all persons that work for Lifeguarding Services Australia or are affiliated with Lifeguarding Services Australia's operations or training in any capacity. This includes but is not limited to employees, students, visitors or third parties engaged by Lifeguarding Services Australia under a contract of service or contract for service (e.g. contractors) and/or a staff member.

### Policy Principles

Lifeguarding Services Australia aims to integrate a responsible commitment to decreasing our impact on the environment through recycling, addressing environmental impacts into our Integrated Management System and align with our overall mission, vision, values and strategic objectives.

We aim to minimise our carbon footprint through conducting carbon calculations and putting in place a system of carbon off setting through the planting of trees, utilisation of carbon offsetting such as credits.

Management will monitor, measure, and evaluate our environmental impact from all activities and performance, to ensure these are not only effective but are also continually improved. Lifeguarding Services Australia aims to have in place an Environmental Management framework consistent with ISO 14001:2015 in accordance with Commonwealth, State and any other relevant legislation.

Our commitment is to identify and control our impact on the environment from our products and/or services, ensure we continually monitor our environmental impact and implement a systematic approach to setting environmental targets and achieving these targets.
